Re: PR Docket No. 93-61
Automatic Vehicle Monitoring

Dear Mr. Caton:

On Wednesday, October 13, 1994, a meeting was held at our offices in an attempt to move forward on the testing proposals as outlined in the September 30, 1994 letter to Chairman Hundt from the Consumer Radio Section of the Telecommunications Industry Association and the Technical Committee of the Part 15 Coalition. Present at parts of the meeting were John Borkowski and Tom Dombrowsky of the Private Radio Bureau. Also present at the meeting were representatives of AirTouch Teletrac, MobileVision, Southwestern Bell and Pinpoint, as well as representatives of various Part 15 interests. A complete list of those persons who attended the meeting is attached hereto.

An agreement was reached at the meeting to distribute, among the representatives at the meeting, certain information concerning equipment and system operation. The parties also agreed to hold another meeting on October 24, 1994, to discuss the technical data which was circulated, and to plan further action.

In accordance with the Section 1.1206(a)(1) of the Commission's Rules, two copies of this letter are being filed with the Secretary's office.

If there are any questions in connection with this matter, please contact the undersigned.

Sincerely yours,

Larry S. Solomon
